Designed by GamFratesi - 2013

ITEM NUMBER

DESCRIPTION

The Beetle can exude a personal adornment with an upholstery of your choice. Due to its unique design, the front upholstery can also be changed with time to give the chair a different expression and new life to the interior decoration. GamFratesi has reinterpreted the characteristic elements of the beetles' sections when designing the Beetle Chair: shape, shells, sutures, rigid outside and soft inside. The comfortable yet dynamic design makes the chair suitable for multiple environments whether it is in the home or the workplace.
