

FIBER SIDE CHAIR – A-BASE

ISKOS BERLIN ON THE DESIGN “One of the most difficult and noble disciplines is to design without eccentricity, creating simple, well-functioning and almost ordinary objects that nevertheless have strong identities. We designed Fiber Side Chair to do just that through a clear sculptural language that refuses to compromise on comfort. It’s a chair stripped of all unnecessary layers. The iconic form marries soft, embracing curves with an innovative wood fiber composite, giving Fiber Side Chair a unique expression and tactile texture.”

Seat width 48 cm / 18.9"
Seat depth 45 cm / 17.7"

PREASSEMBLED

Yes

DESCRIPTION

The Fiber Side A-base Chair has the same light expression as the Fiber Side Chair, but with a stackable base, which makes it an ideal contract market chair. By stacking onto the a-shaped chrome base instead of the seat, the fiber seats and upholstered seats avoid scratches or pressure marks.

A family of chairs, with a bio-composite material with up to 25% pine wood fibers. Designed to balance maximum comfort with minimum space. The chair has a visual light expression and allows great freedom of movement for the user. Up to 20 chairs can be stacked together and the trolley fits up to 15 chairs.

PRODUCTION PROCESS

The wood fiber and plastic blend is injected into the mold, forming the chair’s shell. The base is chromed steel tube (chrome III).

MATERIAL

Shell consists of a wood and plastic composition with up to 25% pine wood fibers, 70% PP (polypropylene) and 5% colored PP. A-Base in chrome.

CLEANING AND CARE

Clean with a moist cloth. If necessary use a little dish soap on the cloth. For upholstery versions, please find cleaning instructions for your chosen textile at kvadrat.dk or nevotex.com

SPARE PARTS

Pre-mounted plastic glides included. Felt and plastic glides can be purchased separately.

MADE-TO-ORDER

All Fiber Side Chair A-Base are made-to-order. The chairs can be upholstered in all colors from Kvadrat’s Remix, Steelcut, Steelcut Trio, Canvas, Clara, Hallingdal, Divina, Divina MD & Divina Melange textile series and in all Wooly colors from Nevotex.

TEXTILE USE FOR CUSTOMIZED UPHOLSTERY

Textile upholstery: 1,4 m / 1.2 yds
Leather upholstery: 2,2 m² / 23.7 ft²
