Environment

Indoor

Dimensions (cm / in)

L: 79 cm / 30.7"

W: 38 cm / 15"

H: 44,5 cm / 17.5"

Materials

Powder Coated Steel, Painted MDF,
Synthetic Felt

Colours

Black

Care Instructions

Should be cleaned according to the recommendations of the fabric textile supplier.

The Meet Bench takes inspiration from the traditional piano bench. A versatile, multi-use piece, its name refers to the two stabilising tubes that elegantly join under the seat. The bench is also just big enough for two people to sit together – and ‘meet’.

Use Meet Bench in the hallway, as a chair in front of your writing desk or in the bedroom. It also works as an occasional table on which to display books or a lamp. Timeless in character, the design is based on a contrast, the opposition between its masculine, industrial legs and the expressive embracing curves of the seat.

About the Designer

A Scandinavian company through and through, Norm Architects are celebrated for their clean, minimalistic designs. Its founders Kasper Rønn and Jonas Bjerre-Poulsen argue that minimalism is nothing new: “It has been the norm in many cultures all over the globe since the beginning of civilization. People have strived for material poverty as a way to inner luxury. Reduction and perfection have been the main goal for both craftsmen and inventors – because avoiding the irrelevant meant emphasising the important.”

The pursuit of purity, simplicity and timelessness is at the heart of everything undertaken by Norm.
