

Clara series

Designed by Santiago Sevillano Studio, Spain

Inspired by the profile and demeanour of a penguin, Clara was brought to life. The inspiration is specifically evident in the slim arms resembling a penguin's flippers and hold an embracing feature. A graceful and interesting armchair with an out of the ordinary comfort, a smooth recliner mechanism, and a clever swivel function that ensures the chair follows you elegantly around. The armchair is made in a moulded foam shell giving the chair an added robust and durable character, allowing you to sink in and let your mind wander comfortably.
